ABOUT THE INSTITUTION

It was in November 1981 that Mahatma Gandhi College was established at Lalpur, Purulia. From the date of foundation it is absolutely clear that the college is relatively a new one. But what began as a tiny seed grew into a reasonably moderate tree sheltering now more than 2500 students in its various departments. It was in recognitions of a sustained endeavour of a number of education loving people which ultimately transformed a tottering child into a resolute youth, striding forward to a new horizon of attainments, that on November 25th 2006, teachers, students, local enthusiasts, the district administration assembled to observe with considerable razz-ma-tazz the Silver Jubilee celebration of that cherished youth namely Mahatma Gandhi College.
